XXXXX

Dear XXXXXXXX

We have recently been trialling a new behaviour logging system in the school called Class Charts. The system makes it easier for staff to log and record positive and negative behaviour points and for the school to manage records more efficiently and effectively.

The main change from your perspective initially will be that from now on, any achievements and/or detentions given are reported to you at the end of the day and the detention will take place the following day. There is also a new 'ClassCharts' App which we will be able to securely share your child's achievement and behaviour report with you in real-time. The Class Charts App is easy to use and read.

Please create an account using the web address and access code below by logging on and selecting:  
I do not have an account yet

<https://www.classcharts.com/parent/login>

The parent access code for XXXXXX is **XXXXXXXXXX**

Links to mobile phone apps are also available to parents from this page.

Once you have created an account and are logged in, if you have more than one child in the school, you can add each child to your account using their unique individual parent codes. Your child will also be given access to their own account during Learning Family time and will have their own unique student access code.

The parent Xpressions app is still available, however the behaviour information will soon be removed, as it will now be live on Classcharts.

Please do get in touch if you have any questions, or see our website [www.easternhigh.org.uk/parentapps](http://www.easternhigh.org.uk/parentapps) for the parent guide.

Yours sincerely

Ms K Lewis  
Assistant Headteacher
